GOUZE

PASSÉ

Inspired by nature, this unique bench embodies movement and individuality, with distinct wood grains adding character. Designed for versatility, it enhances any space—bedroom, living room, entryway, or terrace—with elegance and strength, seamlessly blending interior and exterior settings.

EZE

A beautifully crafted bench that combines sleek design and exceptional wood work. Its minimalist charm and attention to detail make it a timeless addition in any space.

BARDET

This chair's unique design challenges traditional construction, with a forward inclination that maintains comfort. Like all our chairs, each component is hand-carved, evident in the leg design, where shapes merge with the top, creating a dynamic appearance.

TRONC

Inspired by tree branches, this chair features seamless hand-carved shapes. Its intricate construction and natural design make it a piece worth admiring.

KOFMAN

The standout feature of this chair is the joint between the arm and leg, offering both comfort and a unique tactile experience. With curved, flowing lines, its design suits both modern and classic styles.

DEMI ARC

Blends modern sophistication with ergonomic comfort. Featuring sleek lines and a gently curved backrest, it offers timeless style and support for every dining experience.

CHATELET

With floating arms, this chair's unique design balances stability and comfort. Its look shifts from traditional to modern with different finishes, making it a true piece of art.

EQUILIBRE

With floating arms, this chair's unique design balances stability and comfort. Its look shifts from traditional to modern with different finishes, making it a true piece of art.

COMTE

ELEA

BERR

CHAINED

Inspired by a bracelet; wood elements are handcarved to be joint together and give this assembling look. The cocktail table by itself is a conversation piece.

GORDES

This elegant modern look is the result of a complex process of handcarved pieces put together, joining thin lines that give an organic sophisticated shape to fulfill this iconic table.

BEAUVIOR

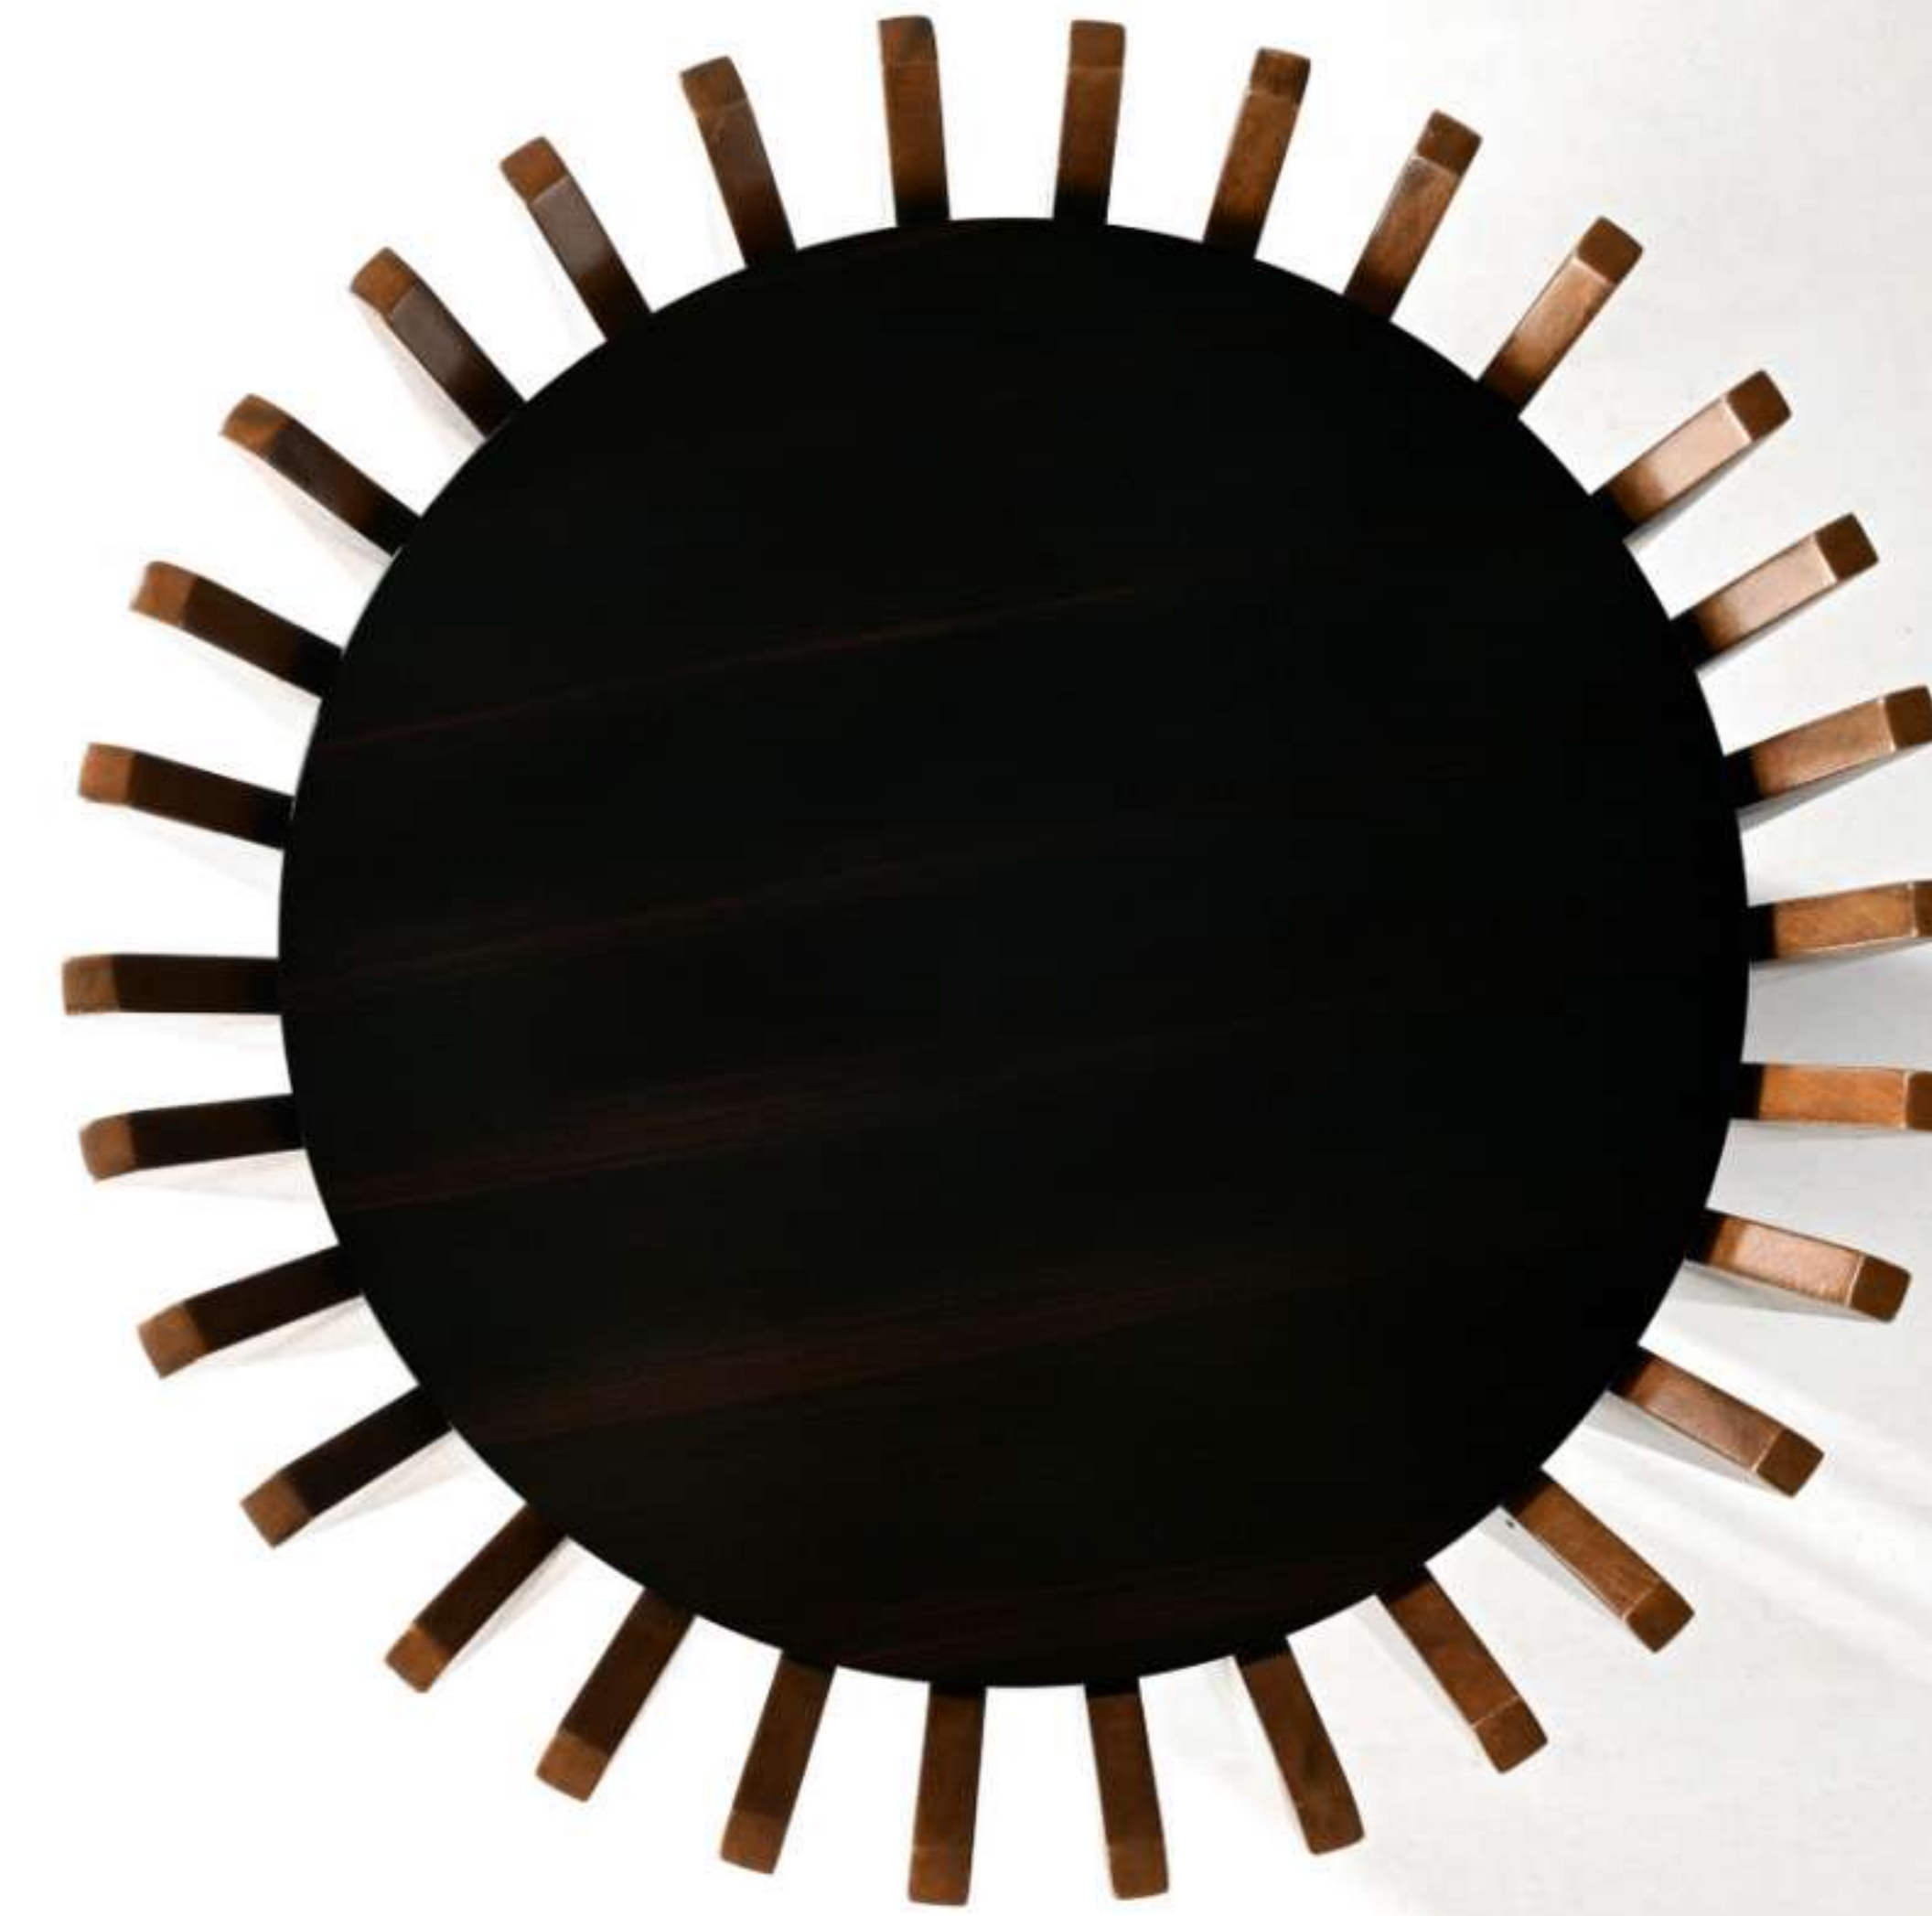

Inspired by an eclipse, multiple individual pieces are performed separately to be joint with a contrasting center. The different woods in the top and its perimeter makes it beautiful and functional.

SCULPTE

Carved from exquisite marble, its fluid lines and seamless curves create a sense of movement frozen in stone. A perfect blend of art and function, Sculpte transforms any space with timeless elegance and quiet sophistication.

BAUMAN

Bauman is a versatile auxiliary table that combines clean lines with timeless elegance. Its compact design and refined finish make it a seamless addition to any room.

RAND

The top on this auxiliary table has a curved perimeter shape, the leg detail that joints with its top makes it special.

ARENDT

A simple but refined design, with its harmonic shape and a characteristic base, it can be part of any living area.

SUCCESSION

Subtle design with handcarved soft curves enhancing the natural patterns of wood on this piece. Its unique shape gives character to the piece, making it stand out in any space with sophistication and maintaining an organic sylhouette.

NANTES

The asymmetric hand carved contours of its base, gives a special character to this table emphasizing its construction. Embracing nature inspired Wabi Sabi, the result is an organic and unique look.

SIMETRIE

Simplicity and elegance define this piece, blending midcentury lines with contemporary design for a timeless, modern style.

CAMUS

The unique shape of this dining table breaks the mold, hand crafted by our artisans with strong attention to details, it combines a modern style but yet organic touch. Its legs create a delicate profile that in combination exudes natural elegance.

GOUGES

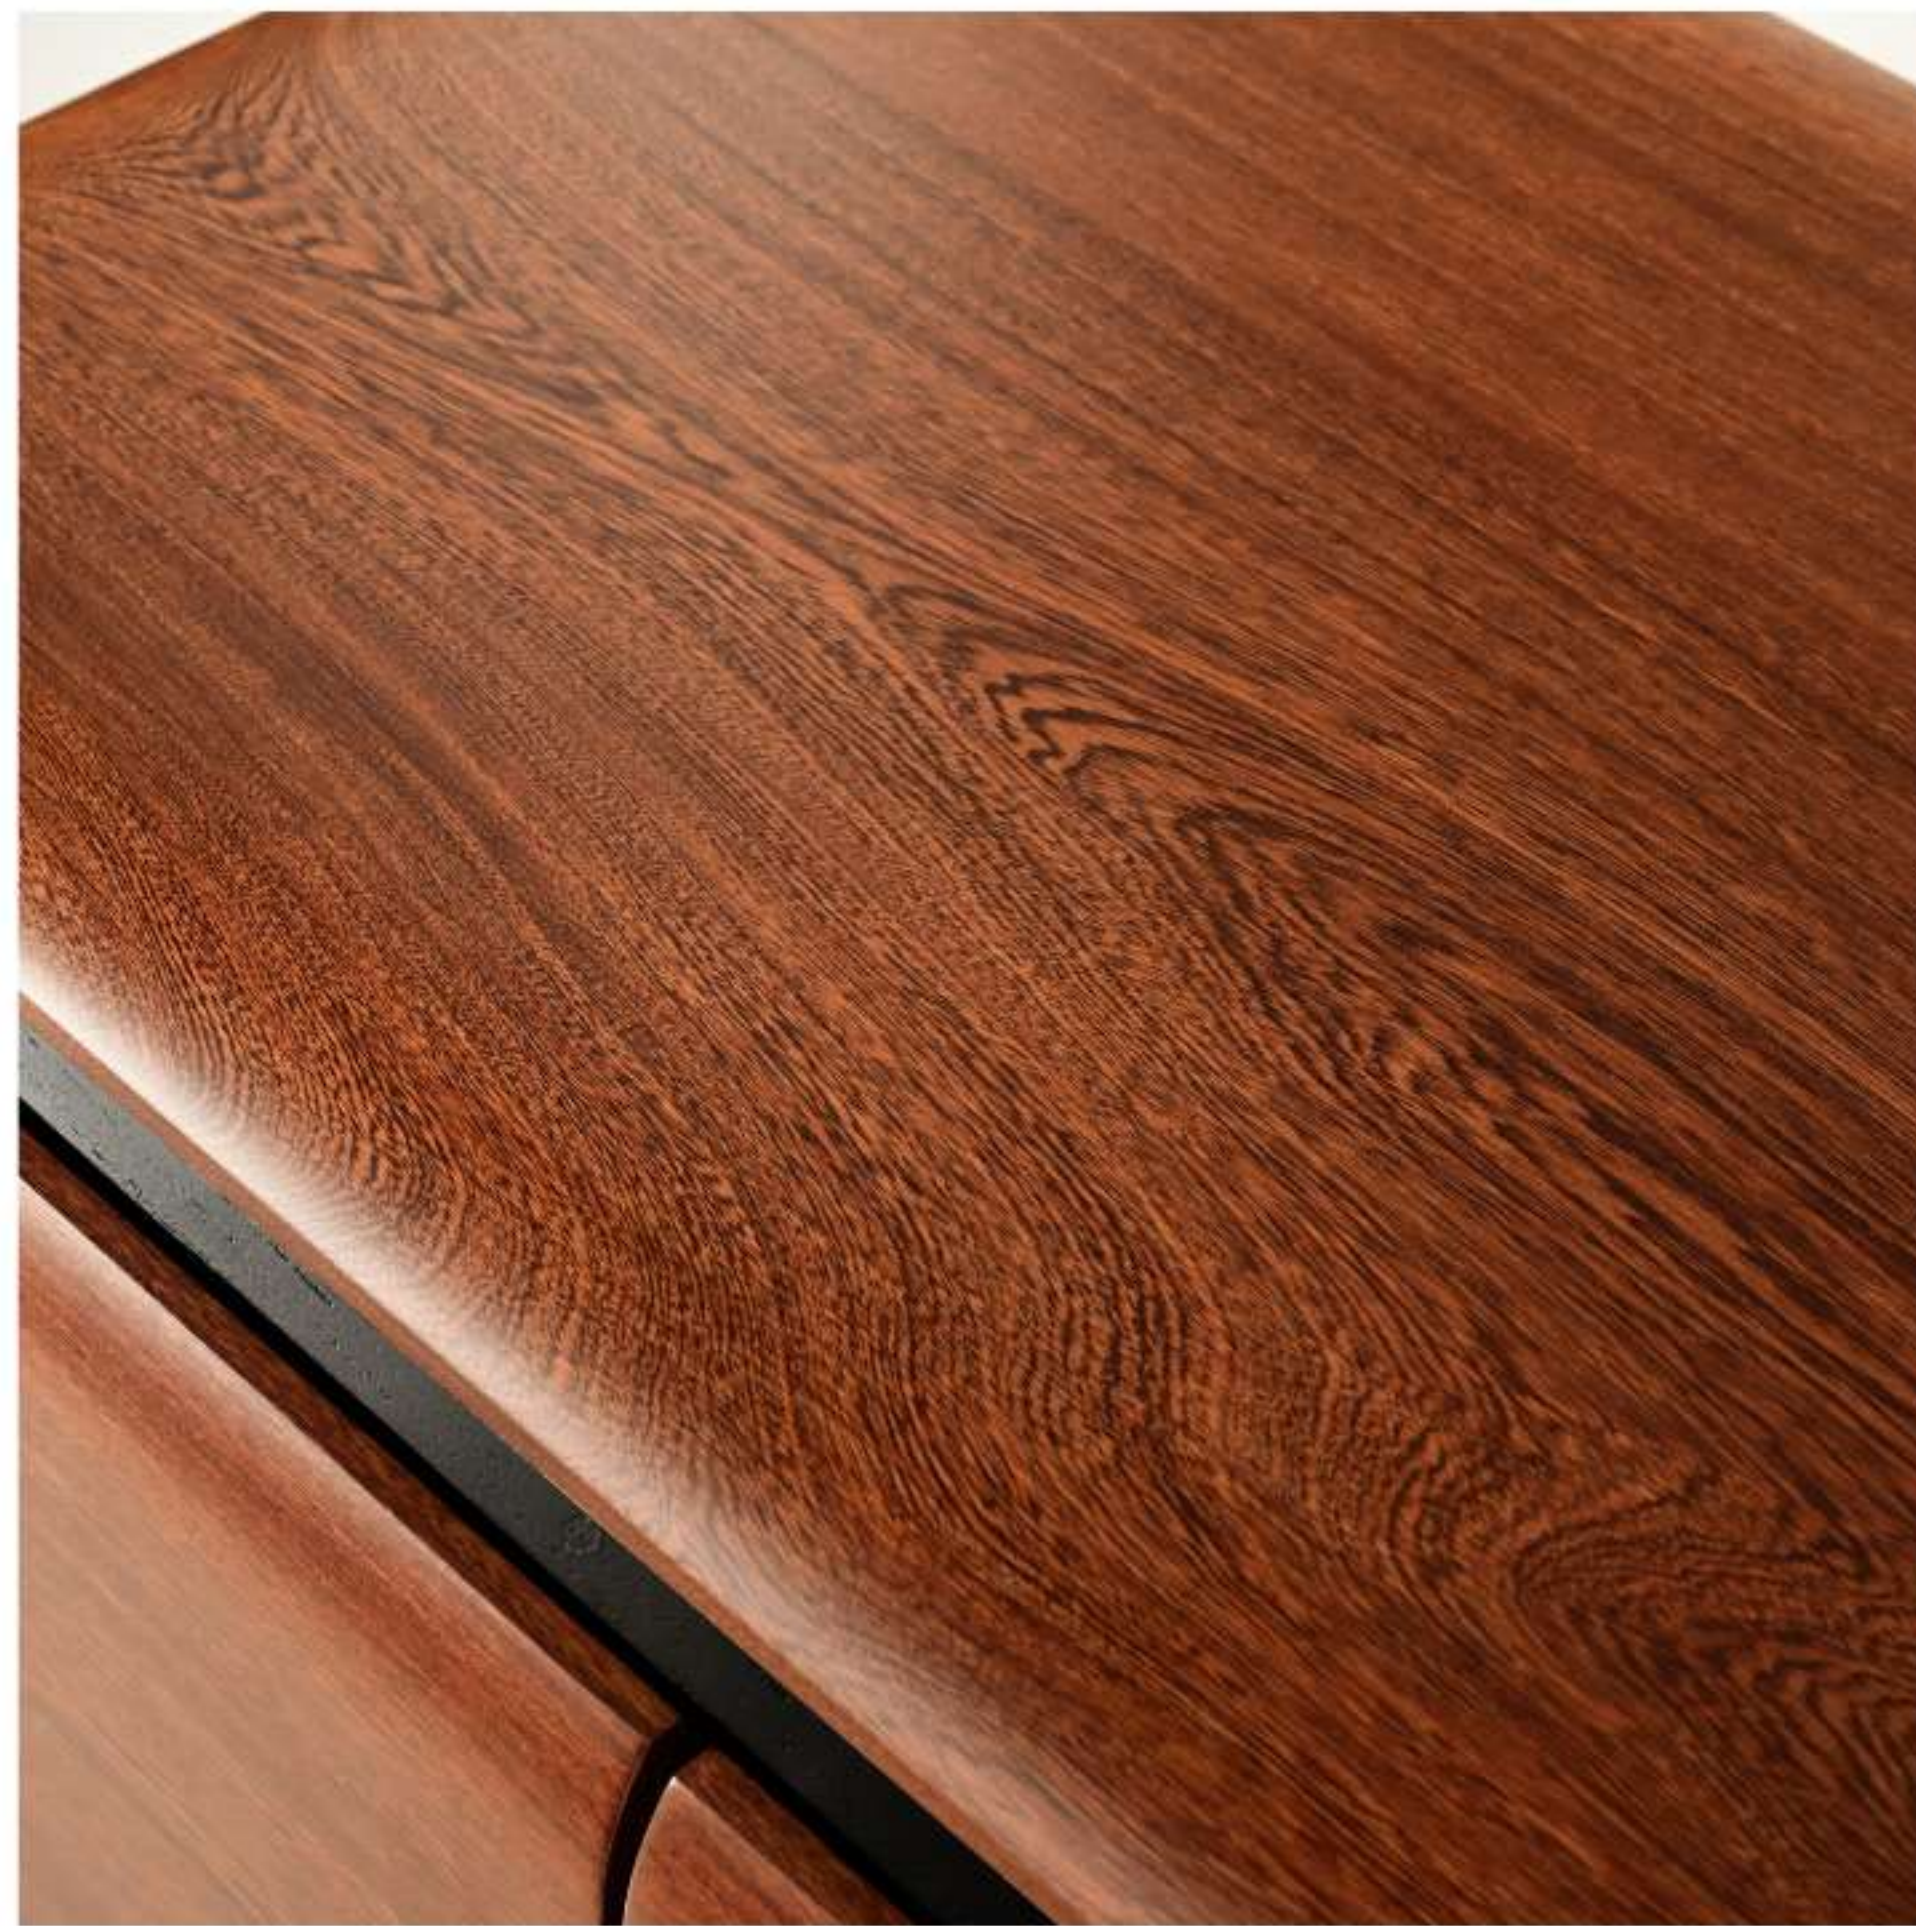

Inspired by a Japanese traditional piece, we create a modern console with an extended, elevated marble top. Each joint is curved and harmonized in a round shape making it more aesthetic.

TRESOR

Perfect harmony of artistry and functionality. Crafted from premium materials and adorned with intricate detailing, this exquisite chest is more than storage—it's a statement.

GIVERNY

Considering a functional and simple cabinet, we created this buffete following a double side look that is covered by solid hand carved pieces, simulating a delicate inlay that smooths its design. Its metal base makes it strong and stable but preserving its aesthetics.

MYSTERE

The handcrafted carved doors give depth and shape to an outstanding piece. The center detail enhances the natural grain of the wood and breaks the monotony of patina. Wood legs painted in gold creates the effect of a floating piece.

HELLER

Simple, current and versatile design that could blend in any space. With the particularity of customizing back panels with different materials and finishes such as: leather, veneers, marble, glass, fabric or what you can imagine.

CURB ACCESSORIES

Four decorative elements that were thought as trays for fruits, bread or food. The different designs combine to give a very specific and primitive look even if they are used only as decoration. Made of solid wood with particular details this set enhances any table look.
